

CUMULATIVE INDEX 1992

Volume 11

| | |
|---------|---|
| January | INJURIES OF THE HAND AND WRIST, pages 1-257 |
| April | MEDICAL PROBLEMS, pages 259-492 |
| July | TENDINITIS I, pages 493-677 |
| October | TENDINITIS II, pages 679-904 |

Note: Page numbers of article and issue titles are in **boldface** type

- A2 pulley rupture, 845
 - Acclimatization, 427-428
 - Achilles paratenonitis, 550
 - with tendinosis, 549
 - Achilles peritendinitis, epidemiology of, 497-498
 - Achilles tendinitis, eccentric exercise program for, 620
 - epidemiology of, 497
 - in adolescents, 722
 - Achilles tendinosis, 546, 547, 548, 553-560
 - Achilles tendon, 517-518
 - anatomy of, 759-760, 771-772
 - biomechanical loading of, during cycling, 528-529
 - during hopping, 526-527, 528
 - during jumping, 526-527, 528
 - during normal locomotion, **521-531**
 - during running, 524-526, 527
 - during walking, 524-526, 527
 - measurement of, methods of, 522-524
 - results and discussion of, 524-531
 - biomechanics of, 760-761
 - chronic pain in, classification of, 762-763
 - clinical assessment of, 595-598
 - complete ruptures of, **741-758**
 - by sport and sex, 743
 - conservative treatment of, 753
 - complications of, 753
 - diagnosis of, 744-746
 - economic impact of, 755
 - incidence of, 741-743
 - pathoanatomy of, 743-744
 - postoperative management in, 751-752
 - rehabilitation following, 754-755
 - surgical treatment of, 746-751
 - complications of, 752-753
 - treatment of, 746
 - with folded flap tear, 746, 747
 - normal, 546
 - overuse injuries of, 683-684
 - clinical presentation of, 775-777
 - factors predisposing to, 774-775
 - pathophysiology of, 772-774
 - treatment of, 777-780
 - partial tears of, **759-769**
 - conservative treatment of, 764-765, 766
 - investigations of, 763-764
 - prognosis in, 765-766
 - surgical treatment of, 765
 - symptoms and signs of, 763
 - rabbit model, longitudinal internal tenotomy in, 689-695
 - rupture(s) of, 498-499
 - distribution of, 498
- Achilles tendinitis, epidemiology of, 497
- Adductor longus muscle, complete rupture of, management of, 820-821
- partial rupture of, 820, 821
- Adductor longus tendon and muscle,
 - strain of, 815-820
 - diagnosis of, 817-818
 - healing time for, 820
 - history and symptoms of, 817
 - management of, 818-820
- Adductor tendinitis and apophysitis, in adolescents, 719
- Adolescent(s), athlete, fractures and dislocations in, 213-214

- Adolescent(s) (*Continued*)
 hand and wrist injuries in, 203-225
 overuse syndromes of tendon and apophyses in, 713-726
- Age, tendon injuries and, 495-496
- Aging, osteoarthritis versus, 479
 tendons and, 511-513
- Alcohol abuse, 393-394
- Amenorrhea, exercise-associated, 351-362
 management of, 358-359
 medical evaluation in, 355-358
 treatment of, 359-360
 hypothalamic, 354
 primary, 353
 secondary, 353-354
 differential diagnosis of, 357
- Anaphylaxis, definition of, 304
 exercise-induced, and urticaria, 303-312
 classic, 305-306
 clinical features and demographics of, 305-306
 coprecipitating factors in, 308
 diagnosis of, 308-309
 patterns of, 305
 pulmonary involvement in, 307-308
 sudden death in, 280
 treatment of, 309-310
 types of, 304-310
 pathophysiology of, 306-307
- Anemia, as cause of fatigue, 332
 nutritional, sports anemia and, 322
 sports-related. *See Sports anemia.*
- Angioedema, definition of, 304
- Angiofibroblastic tendinosis, 501, 851-870
 diagnosis of, 855
 differential diagnosis of, 856-857
 etiologic factors in, 852
 mesenchymal syndrome and, 852-853
 pathology of, 853-855
 phases of pain in, 855-856
 postoperative care in, 867, 868
 sites of tendon pain in, 853
 surgical treatment of, 866, 860-867
 author's technique of, 861-866
 results of, 868
 systemic considerations in, 852-853
 treatment of, 857-861
- Ankle, assessment of, imaging techniques for, 596
 magnetic resonance imaging for, 595-598
 tendon injuries of, 727-739
 tendon problems of, in children and adolescents, 721
 management of, 687
- Anovulation, in athletes, 353
- Antebrachial cutaneous nerve, lateral, anatomy of, 181
 problems of, diagnosis of, 182
 specific syndromes of, 181, 182
- Anterior cruciate ligament, response of, to immobilization, exercise, and reconditioning, 608-609, 610
- Aorta, disorders of, sudden death in, 278
- Aortic stenosis, symptoms of, 285
- Apicitis, epidemiology of, 499
- Apophyses, overuse syndromes of, in children and adolescents, 713-726
- Arthritis, nonarticular, studies of, nonsteroidal anti-inflammatory drugs evaluated in, 637-639
- Arthrodesis, of wrist, 137
- Arthrography, contrast, in shoulder injuries, 586
 magnetic resonance, in evaluation of labrum, 593
- Arthroplasty, hemiresection-interposition, 151-153, 154, 155
- Arthroscopy, in distal radius fractures, 231-233
 in injuries to triangular fibrocartilage complex, 235-236, 237
 in scaphoid fractures, 233-235
 in wrist injuries, 227-238
 extrinsic and intrinsic ligamentous, 229-231
 indications for, 228-229
 of wrist, 135-136
- Athletic heart syndrome, 259-272, 284
 clinical evaluation in, 263
 echocardiographic findings in, 266-267
 electrocardiogram in, 263-266
 hypertrophy of, 262
 long-term prognosis in, 268-269
 molecular basis of, 268
 physical examination in, 263
 physiology of, 260-263
 radiologic changes in, 266
 versus hypertrophic cardiomyopathy, 267-268
- Athletic performance, effect of pain on, classification system for, 619
- Baldwin procedure, 153-155
- Bennett's fracture, 116-121, 122
- Benorylate, evaluation of, after acute injury, 635
- Biceps tendinitis, 888-889
- Bleeding. *See Hemorrhage.*
- Blood group distribution, tendon injuries and, 497
- Blood pressure, high. *See Hypertension.*
 lowering of, mechanisms for, 292-295
- Blood supply, of tendons, 515-517
- Boutonniere deformity, 30, 31, 65-67
 clinical presentation of, 840
 pathophysiology of, 840
 tendons and joints in, 839-840

- treatment of, 840-842
- Boutonniere injuries, 83-86
- Bowler's thumb, 169
- Boxer's fracture, 113-114
- Boxer's knuckle, 88-89
- Brachial plexus, 163
- Bracing, in tennis elbow, 858-859
- Brain, tumor of, headache associated with, 341
- Bursitis, groin pain in, 825-826
- Calcaneal apophysitis, in adolescents, 721-722
- Calcific tendinitis, 878, 883
- Calories, provision of, during exercise, 415
- Capitate, avascular necrosis of, in gymnast, 196
- Cardiomyopathy, hypertrophic, signs of, 285
 - sudden death associated with, 275, 277
 - versus athletic heart syndrome, 267-268
- Cardiovascular abnormalities, sudden death in, 275
- Cardiovascular responses, to pregnancy, 365-368
- Carpal tunnel syndrome, 50-51, 168-169
- Carpometacarpal joint, of thumb, 74-75
- Cheiralgia paresthetica, 174
- Child(ren), athlete, hand and wrist injuries in, 203-225
 - overuse syndromes of tendons and apophyses in, 713-726
- Chondromalacia, carpal, in gymnast, 195-196
- Coach's finger, 57, 64
- Cold modalities, contraindications to use of, 655
 - effects of, on tendon injuries, 652
 - history of use of, 652-653
 - in treatment of tendon injuries, 652-655
 - pain reduction by, 655
 - precautions in use of, 654
 - technique of, forms of, 653-654
- Collagen, changes in, in tendons, 607
 - functions of, 509
 - metabolism of, eccentric exercises and, 612
 - molecules of, of tendons, 606-607
 - production of, factors influencing, 510-511
 - tendons and, 508-509
 - synthesis of, in tendon healing, 602
- Collateral ligament injuries, 64-65
- Colon, cancer of, physical activity and, 454
- Compartment syndrome(s), 89
 - chronic, 183
 - in hand, 184
 - in wrist, and in forearm, 161-188
 - of forearm, 182-183
- Compressive syndromes, of median nerve, 169-170
- Computer-derived images, choices made when using, 581, 582
 - slice spacing and thickness used to acquire, 581
- Continuous passive motion, effect of, on tendons, 615
- Contrast baths, in treatment of tendon injuries, 647
- Cooling, in heat-related illness, 430
- Coronary artery(ies), atherosclerotic disease of, sudden death in, 276, 277
 - congenital anomalies of, detection of, 278, 285
 - disorders of, sudden death associated with, 278
- Corticosteroids, use and abuse of, in tendinitis, 697
- Cryotherapy, in athletic injuries, 652
- Cubital tunnel syndrome, 177-179
- Cycling, biomechanical loading of Achilles tendon during, 528-529
- Dancer's tendinitis, 732-733
- de Quervain's disease, 17-18, 42-44
 - in gymnast, 192
- de Quervain's tenosynovitis, 845-846
- Depression, and chronic fatigue, as manifestation of overtraining, 329-330
 - in athletes, 327-338
 - assessment of, 335
 - differential diagnosis of, 335
 - mechanisms responsible for, 328-333
 - syndromes causing, 330-331
 - in athlete, 333-334
- Diabetes mellitus, and exercise, 403-418
 - benefits of, 409-410
 - history of, 404
 - drug interactions in, 415-416
 - in pregnancy, exercise as alternative therapeutic approach in, 373-374
 - insulin-dependent, exercise in, 406-407
 - risk of exercise in, 408-409
 - non-insulin dependent, exercise in, 407-408
 - preparation evaluation in, 410-411
 - recommendations for exercise in, 412-413
 - selection of athletic activities in, 412
 - types of, 403

- Diclofenac, evaluation of, after acute injury, 637
- Diet, and lower gastrointestinal tract during exercise, 459-460
- Digital extensors, common, tenosynovitis of, 46-47
- Dorsiflexion jam syndrome, in gymnast, 193-195
- Drug(s), and exercise, in hypertension, 297-298
- in gastrointestinal disorders, drug testing regulations and, 454
- interactions of, in diabetes mellitus, 415-416
- nonsteroidal anti-inflammatory. See *Nonsteroidal anti-inflammatory drugs*.
- performance-enhancing, 386-391
- desired benefits/adverse effects of, 387-388
- recreational, 391-400
- definition of, 391
- desired benefits/adverse effects of, 392-394
- therapeutic, 380-384
- use of, by athletes, 379-380
- Eccentric exercises. See *Exercise(s), eccentric*.
- Elastin, tendons and, 510
- Elbow, tendinitis and apophysitis of, in children and adolescents, 717-718
- Elbow support band, in Achilles tendinosis, 702, 706
- Electrical stimulation, alternating current, 656-657
- direct current, 656
- in tendon injuries, 656-657
- indications for use of, 658
- Electrophysiologic disorders, causing sudden death, 279
- Encephalitis, headache in, 340-341
- Endocrine disease, fatigue as manifestation of, 331-332
- Environmental and thermal injury, 419-436
- Epicondylitis, lateral, vicious cycle complexes to analyze, 664-665
- lateral and medial, 501
- medial, vicious cycle complexes to analyze, 665
- Epiphyseal plate, distal radial stress fractures of, 213
- fractures of, in prepubescent and adolescent athlete, 205-212
- Erythropoietin, and sudden death, 280
- Etodolac, evaluation of, in nonarticular rheumatism, 638
- Exercise exchanges, in children of various body weights, 416
- Exercise training, and athletic heart syndrome, 260
- Exercise(s), and hypertensive athlete, 291-302
- and osteoarthritis, relationship of, 471-487
- and pregnancy, 363-377
- caloric provision during, 415
- cardiovascular responses to, 261
- contraindications to, in pregnancy, 371
- diabetes mellitus and, 403-418
- eccentric, benefits of, 612-613, 614, 616-617
- for prevention and treatment of tendon injuries, 611-618
- metabolism of collagen and, 612
- muscle soreness and fatigue following, 619-622
- parameters for basis of, 611
- program of, 618-619, 620, 621
- for Achilles tendinitis, 620
- for Jumper's knee, 621
- following tennis elbow surgery, 867, 868
- guidelines for, in pregnancy, 363-371
- in injuries of hand, 244-245
- in pregnancy, fuel utilization during, 369-371
- risk associated with, 372-373
- in traction overload tendinitis, 879, 884
- maternal, fetal aspects of, 372-373
- passive stretching, muscle strain injury and, 798-799
- postpartum, guidelines for, 364
- progressive resistance, in overuse injuries of Achilles tendon, 777, 780
- renal complications of, 437-451
- response of anterior cruciate ligament to, 608-609, 610
- stretching and strengthening, in overuse injuries of Achilles tendon, 777, 778, 779
- vigorous, contraindications to, 282
- Exercise-associated amenorrhea. See *Amenorrhea, exercise-associated*.
- Exercise-induced anaphylaxis. See *Anaphylaxis, exercise-induced*.
- Extension intersection syndrome, 192
- Extensor carpi ulnaris tendinitis, 48
- Extensor carpi ulnaris tendon, post-traumatic subluxation of, 89-91, 844-845
- Extensor carpi ulnaris tenosynovitis, 847
- Extensor digiti minimi tendinitis, 47
- Extensor digitorum communis tendon, traumatic dislocation of, at metacarpophalangeal joint, 87-88
- Extensor hood, injuries of, 844

- rupture of, 70
- Extensor pollicis longus tenosynovitis, 46-51, 846-847
- Extensor tendinitis, in adolescents, 723-724
- Extremity(ies), upper, tendinitis and apophysitis sites in, 715-718
- tendinitis of, and overuse syndromes, in athlete, 39-55
- Fasciitis, plantar, vicious cycle complexes to analyze, 666
- Fatigue, and muscle soreness, following eccentric exercises, 619-622
- anemia as cause of, 332
- as manifestation of endocrine or metabolic disease, 331-332
- as manifestation of infection, 332
- chronic depression and. *See Depression, and chronic fatigue.*
- Fentiazac, evaluation of, in nonarticular rheumatism, 637-638
- Finger(s), injured, evaluation of, 59-60
- jersey, 33, 91, 243
- mallet, 77-83
- in gymnast, 200
- in immature athlete, 220, 221
- Finkelstein's test, 18, 43
- Flexor carpi radialis tendinitis, 48-49
- Flexor carpi radialis tenosynovitis, 847
- Flexor carpi ulnaris tendinitis, 49-50
- Flexor digitorum profundus, avulsion of, 91-97
- Flexor digitorum profundus tendon, anatomy of, 842
- avulsions of, acute, treatment of, 843
- chronic, treatment of, 843-844
- classification of, 842-843
- incidence and symptoms of, 842
- Flexor hallucis longus tendinitis, in adolescents, 724
- Flexor hallucis longus tendon, 732-733
- stenosis of, 732
- Flexor tenosynovitis, 50-51
- Foot (Feet), tendon injuries of, 727-739
- tendon problems of, in children and adolescents, 721
- management of, 687
- Forearm, nerve problems and compartment syndromes in, 161-188
- Fracture(s). *See specific sites and types.*
- groin pain in, 824
- Frostbite, clinical presentation of, 425
- environment and epidemiology of, 424
- factors increasing risk of, 425
- management of, 426
- pathogenesis of injury in, 424-425
- Fuel utilization, during exercise in pregnancy, 369-371
- Gamekeeper's thumb, 31, 32, 72, 215, 216
- Ganglion(a), of hand, 35
- of wrist, 19
- Gastrointestinal disorders, in athlete, 453-470
- Gastrointestinal tract, athletic trauma to, 464-467
- bleeding from, following exercise, 461-464
- lower, symptoms in, during exercise, 458-461
- medical illnesses of, 467
- upper, symptoms in, in athletes, 455-458
- Gender, tendon injuries and, 496-497
- Genetics, degeneration of tendons and, 564-565, 567-568
- Glucose metabolism, hormonal control of, 405-406
- normal, 404
- Goniometer, for measurement of range of motion, 240
- Grip dynamometer, in hand injuries, 242, 245, 246
- Groin, insufficiency, 828
- muscles of, injuries of, 815-831
- pain in, in bursitis, 825-826
- in fractures, 824
- in hernias, 828-829
- in hip joint changes, 824-825
- in inflammation of pelvic joints, 825
- in nerve entrapment, 827
- in regional inflammations and infections, 829
- in snapping hip, 826-827
- in tumors, 829
- referred, 827-828
- tendons of, injuries of, 815-831
- Ground substance, tendons and, 510
- Growth factor- β , transforming, role of, in tendon healing, 570-572
- Growth plate, distal radial, stress injuries of, 213
- fractures of, in prepubescent and adolescent athlete, 205-212
- Guyon's canal, 177
- Gymnast, acute radial carpal instabilities in, 190
- carpal impingement and carpal chondromalacia in, 195-196
- carpal scaphoid stress fracture and avascular necrosis of capitate in, 196
- contusions of wrist in, 189-190
- de Quervain's tendinitis in, 192

Gymnast (*Continued*)

- distal radial physis stress syndrome in, 195, 196
- dorsal wrist capsulitis in, 192
- dorsiflexion jam syndrome in, 193-195
- fracture dislocation of wrist in, 191
- fracture of distal radius and carpal scaphoid in, 190
- fractures of phalanges and proximal interphalangeal joint in, 200
- ganglia in, 192
- hand and wrist problems in, 189-202
- hand fractures in, 200
- mallet finger in, 200
- osseous injuries in, 193-197, 198
- overload phenomena in, 191-193
 - cause and treatment of, 197
- positive ulnar variance and triangular fibrocartilage complex in, 195
- skin problems in, 198-200
- soft tissue injuries in, 191-192
- sprains of hand in, 201
- sprains of wrist in, 190
- squeaker's syndrome in, 192
- triangular fibrocartilage complex damages in, 192-193
- wrist splints in, 192

Hamate, hook of, fractures of, 126, 127

Hamstring syndrome, 500

Hand flexor tendon, paratenonitis of, 549

Hand(s), and wrist, injuries of, 1-252

boutonniere injuries of, 30, 31

closed tendon injuries of, in athlete, 77-99

contusions and lacerations of, 28

field evaluation of, and treatment of, 27-37

fracture(s) of, 33-35

in athlete, 101-128

in gymnast, 200

Salter-Harris classification of, 206, 207, 208

ganglion and nerve compression of, 35

injuries of, assessment of muscle function in, 241-242

evaluation of, 239

exercises in, 244-245

in preadolescent and adolescent athlete, 203-225

diagnosis and treatment of, 205-212

epidemiology of, 204-205

isolating joint motion in, 243-244

range of motion monitoring in, 240

reduction of edema in, 240-241

rehabilitation program in, 242-246

rehabilitative management of, 239-252

strength training in, 245-246

metacarpophalangeal and proximal interphalangeal joint injuries of, 57-76

nerve problems and compartment syndromes in, 161-188

problems of, in gymnast, 189-202. See also *Gymnast*.

protective management of, 246-247

soft tissue injuries of, 28-33

strains, sprains, and ligamentous injuries of, 28-31, 32

tendon injuries of, 31-33

acute, 834-845

pathophysiology of, 833-834

in athletics, 833-850

overuse, 845-847

pathophysiology of, 834

repair of, 687-688

tenosynovitis of, 42-46

vascular injuries of, 35-36

Headaches, activity-related, 346-348

in athlete, 339-349

migraine, 342-343

muscle contraction, 344

posttraumatic, 344-345

vascular, 342-344

Heart disease, coronary, recommendations for exercise in, 286

sudden death in, 276, 277

Heat cramps, 428-429

Heat exhaustion, 429

Heat modalities, contraindications to, 651

effects of, on tendon injuries, 646

in treatment of tendon injuries, 645-651

indications for, 651

Heat packs, moist, tendon injuries treated with, 648

Heat stroke, 429

Heat transfer, physics of, 427

Heat-related illness, 426-431

Hematuria, exercise-related, 442-445

microscopic, in general population, 443

Hemoglobinuria, march, 445

Hemorrhage, from gastrointestinal tract,

following exercise, 461-464

intracranial, 339-340

Hernias, groin pain in, 828-829

Herniography, 828

Hip, snapping, groin pain in, 826-827

tendinitis of, and apophysitis of, in

children and adolescents, 719

Hip joint, changes in, pain in groin in, 824-825

Hopping, biomechanical loading of

Achilles tendon during, 526-527, 528

Hormones, counter-regulatory, actions of, 406

- in control of glucose metabolism, 405-406
- influence of, on tendon degeneration, 566-567
- Hyperglycemia, prevention of, with exercise, 413
- Hypertension, causes of, 291
 - classification of, 292
 - exercise and, 291-302
 - exercise and medication in, 297-298
 - exercise in management of, 292-297
 - exercise recommendations in, 295-297
 - headache in, 341-342
 - incidence of, 291
 - prediction of future, exercise testing for, 298-299
- Hypertrophic cardiomyopathy. See *Cardiomyopathy, hypertrophic.*
- Hypoglycemia, postexercise late-onset, clinical characteristics of, 407
 - prevention of, with exercise, 413
 - treatment of, 414-415
- Hypothermia, epidemiology of, 419-420
 - factors predisposing to, 421
 - laboratory evaluation in, 422
 - pathophysiology of, 421
 - presentation of, 422
 - progressive, characteristics of, 420
 - rewarming in, 423-424
 - treatment of, 422-423
- Ibuprofen, evaluation of, after acute injury, 635-636
- Ice pack, mean decrease in temperature caused by, 654

- Ultrasound, contraindications to, 650
- neural effects of, 649-650
- nonthermal effects of, 649
- origins of, 648
- properties of, 649
- therapeutic, applications of, 650
- use of, suggestions for, 650-651
- Upper extremity(ies), tendinitis and apophysitis sites in, 715-718
- tendinitis of, and overuse syndromes of, in athlete, 39-55
- Urticaria, aquagenic, 306
- cholinergic, 306
- cold-induced, 306
- definition of, 303-304
- exercise-induced, diagnosis of, 308-309
- forms of, 304
- exercise-induced anaphylaxis and, 303-312
- pathophysiology of, 306-307
- types of, 304
- Valvular disorders, sudden death and, 279
- Vascular headaches, 342-344
- Vasodilation, cold-induced, in use of cold modalities, 654-655
- Ventricular hypertrophy, idiopathic concentric left, sudden death in, 277-278
- Vicious cycle complexes, diagnosis of chronic tendon injuries using, 664-666
- Volar plate injuries, 67-68, 219
- Walking, biomechanical loading of
- Achilles tendon during, 524-526, 527
- Warm up/temperature, and muscle strain injury, 799-801
- Washer woman's syndrome, 43
- Water deficit, total body, calculation of, 428-429
- Whirlpools, warm, for tendon injuries, 646-647
- Wolf's law of soft tissue, 563-564
- Wound healing, of tendon, 601-603
- Wrist, anatomy of, 130
- and hand, injuries of, 1-252
- arthrodesis of, 137
- arthroscopy of, 135-136
- closed tendon injuries of, in athlete, 77-99
- deformities of, magnetic resonance imaging in, 598
- distal, epiphyseal fractures of, in children and adolescents, 212-213
- extensor tendon injuries of, 17
- field evaluation of, 1-2
- and treatment of, 1-25
- flexor tendon injuries of, 17
- fracture(s) of, capitate, 12-13
- distal radius, 6-8
- hamate, 10-11, 12
- in athlete, 101-128
- lunate, 13
- scaphoid, 8-9, 10
- trapezium, 11-12
- trapezoid, 13
- triquetrum, 11
- ganglions of, 19
- injuries of, arthroscopy in treatment of, 227-238
- diagnosis of, 133-136
- history taking in, 133-134
- in preadolescent and adolescent athlete, 203-225
- diagnosis and treatment of, 205-212
- epidemiology of, 204-205
- open reconstructive procedures in, 136-137
- physical examination in, 134
- radiographic diagnosis of, 134-135

Wrist (*Continued*)

- return to competition following, 6-8
- treatment of, 6-22, 136-137
- instability patterns of, 130-131
- ligamentous injury(ies) of, 13-15
 - in athlete, 129-139
- ligamentous reconstruction of, 137
- ligaments of, 130, 131
- midcarpal instability of, 15
- nerve compression at, 19, 22
- nerve problems and compartment syndromes in, 161-188
- physical examination of, 2-3, 4, 5, 6
- problems of, in gymnast. 189-202. See also *Gymnast*.
- protective management of, 248
- radiologic evaluation of, 3, 7
- radioulnar joint injuries of, 15-16
- scapholunate dissociation of, 14-15
- soft tissue injuries of, 16-18
- sprains of, 18-19, 20-21, 22
- stenosing tenosynovitis of, 17-18
- tendinitis of, in children and adolescents, 718
- tenosynovitis of, 42-46
- triangular fibrocartilage complex of,
 - tears of, 148-149, 150
- vascular injuries of, 19-22

Wrist splints, in gymnast, 192
